## **I'LL BE WAITING ON THE PORCH!!**

*(a joke via Internet)*

On the first day, God created the dog and said, "Sit all day by the door of your house and bark at anyone who comes in or walks past. For this, I will give you a life span of twenty years." The dog said, "That's a long time to be barking. How about only ten years and I'll give you back the other ten?" And God saw that it was good.

On the second day, God created the monkey and said, "Entertain people, do tricks, and make them laugh. For this, I'll give you a twenty-year life span." The monkey said, "Monkey tricks for twenty years? That's a pretty long time to perform. How about I give you back ten like the dog did?" And God, again saw that it was good.

On the third day, God created the cow and said, "You must go into the field with the farmer all day long and suffer under the sun, have calves and give milk to support the farmer's family. For this, I will give you a life span of sixty years." The cow said, "That's kind of a tough life you want me to live for sixty years. How about twenty and I'll give back the other forty?" And God agreed that it was good.

On the fourth day, God created humans and said, "Eat, sleep, play, marry and enjoy your life. For this, I'll give you twenty years." But the human said, "Only twenty years? Could you possibly give me my twenty, the forty the cow gave back, the ten the monkey gave back and the ten the dog gave back; that makes eighty, okay?" "Okay," said God, "You asked for it."

So that is why for our first twenty years, we eat, sleep, play, and enjoy ourselves. For the next forty years, we slave in the sun to support our family. For the next ten years, we do monkey tricks to entertain the grandchildren. And for the last ten years, we sit on the front porch and bark at everyone. Life has now been explained to you.

There is no need to thank me for this valuable information. I'm doing it as a public service. If you are looking for me, I will be on the front porch!

## **FOREST PARK JULY 4TH PICNIC**

*Sponsored by: Laura Voreh & Wava Straw*

The July 4th Forest Park celebration was enjoyed by the residents who enjoyed Popeye's Chicken which was delicious and everyone brought a dish to be shared. Dishes were made up and brought to the shut-in's in the park. Karaoke was enjoyed afterwards led by Gary Cochran who was excellent. All had a great time and wore lots of red, white and blue. A big thank you to Laura Voreh and Wava Straw and their committees for a memorable Fourth of July.

## NEIGHBORHOOD WATCH PATROL

*By: Jackie Winchester of The News Press*

Becky Conrad is one of several residents at Forest Park, a mobile home community in North Fort Myers, who patrols the neighborhood regularly. Conrad patrolled the neighborhood Wednesday.

Becky Conrad will sometimes wake up in the middle of the night and instinctively reach for her phone. The Indiana native and retired mother of two pulls up 16 live photos.

And she watches.

Any kind of movement will catch her — and the cameras — eye. A suspicious person or vehicle will get her out of bed, but mostly, it will make her call police. It's what she, and 12 other residents of the Fort Myers' Forest Park community do to keep safe.

In the nearly 18 months since Trayvon Martin was shot and killed by George Zimmerman, a neighborhood watch guard, not much has changed in terms of how watch groups conduct their business.

Martin, 17, was shot during a confrontation with Zimmerman, 29, in Sanford. Zimmerman trailed Martin, whom he considered a suspicious person, through his neighborhood. The jury began deliberating Zimmerman's fate Friday. He faces a life sentence if convicted of second-degree murder, but the jury may convict him of manslaughter. Zimmerman initially sought immunity under Florida's "Stand Your Ground" law, stating that he shot Martin in self defense, but he later waived that option.

After Martin was killed, the nation focused on self-defense and the role of neighborhood watches.

Like Conrad, hundreds of Southwest Florida citizens concerned about their neighborhoods patrol them, hoping to catch someone before they become another crime statistic.

However, one thing that all neighborhood watch coordinators from law enforcement agencies tell the groups: don't get involved or confront any suspect. It's all about preventing a crime and staying safe while doing it.

Gretchen Lorenzo, crime prevention coordinator for the Fort Myers Police Department, said that after the Martin incident, it was clear the department needed to reiterate the policy, and its working.

"We definitely don't have any issues with vigilantism," Lorenzo said.

Within the Fort Myers city limits, there are about 112 watch groups. Most of those are in the department's largest district — off McGregor Boulevard, from Cleveland Avenue to Colonial Boulevard.

When a neighborhood wants to start a group, Lorenzo, who

was appointed to Gov. Rick Scott's "Stand Your Ground" task force in 2012, will teach the dos and don'ts, introduce members to their community policing officers and learn how to be proactive rather than reactive, which means calling to report someone or something suspicious rather than handling it themselves.

Lorenzo said watchers call for a variety of reasons, including prostitution and drug activity.

"It's basically a common consensus when a neighborhood has watch, everybody's watching, everyone has been educated," Lorenzo said, and they all know to call police and not put themselves in harm's way.

Watch groups in Fort Myers are required to meet at least twice a year, and there is a police presence at every meeting. "These meetings divert crime away from the community; and empowers the residents to observe and report criminal or suspicious activity correctly," Lorenzo said.

Conrad is coordinator of Forest Park's program. The 55-and-over mobile home community off Bayshore Road in North Fort Myers has gone one step further with its watch — online surveillance cameras that are monitored around the clock.

The cameras have been operational for 11 years, during which time two people have been convicted and sentenced for crimes committed inside the community, she said. Thirteen volunteers patrol the neighborhood at different hours each day. "They know we're here," Conrad said.

In Collier County, the Martin case didn't spur any changes in how deputies handle the neighborhood watch program. "We didn't need to do anything," said Sgt. Rebecca Gonzalez of the crime prevention unit. "We've always had a clear, non-confrontational policy on how to deal with incidents." This means acting as the eyes and ears of a neighborhood, making calls on anything unusual or suspicious. The sheriff's office doesn't take a stance on watch members carrying weapons — they just insist that no one confront a potential criminal.

"Not everyone knows what a crime is, but they know when something isn't right," Gonzalez said.

It's unclear if calls to the Collier sheriff's office increased or decreased after the Martin case. The office doesn't track the number of calls, the number of neighborhood watch groups or where they're located, Gonzalez said.

The office recognizes citizens who make calls that lead to arrests and the sheriff hands out civilian awards every year.

Dave Halbert is captain of his Golden Gate Estates neighborhood watch group. There are about 10 residents that are certified through training with the Collier sheriff's office.

"If there's anything suspicious, we don't get involved," Halbert said, but rather, deputies are called and take over. The former teacher said a sign at the end of the street alerts and probably deters any unwanted visitors.

Halbert said he can understand what Zimmerman was doing, following a suspicious person. "He was doing it correctly. If he had a permit to carry, I don't see any reason why they should go after him on that. He saw someone suspicious and that's what neighborhood watch is about."

## WIFI SYSTEM

*By: Doug Ford*

While monitoring the FPPOA wifi system I have noticed VERY high traffic volume this month. This volume during the summer month exceeded the high for the winter month. This is probably caused by down loading movies and viewing the WEB cam. This also can happen when people watch security cameras remotely for an extended period of time. I don't have the tools to remotely analyze which is causing this overload. The FPPOA wifi system wasn't designed for this extra activity. In all fairness to the other users please don't do this.

We had several outages caused by our provider ( Fair Point) which Jim Schleter handled. Have a good summer.

## BINGO

*By: Anne Domingos*

Please joins us on Tuesdays at 6:45pm for 7:00pm Bingo in the clubhouse each week. Cards are \$.50 with a minimum purchase of four cards. Night Owl cards are \$.25.

## BID EUCHRE

*By: Madaline Preston*

We have Bid Euchre every Wednesday & Saturday at 6:30pm in the Clubhouse unless there is another activity going on in there. We then play in the Activity Building. We have several new players and would like to have many more join in on the fun.

## PINE TREE KNOTS QUILT CLUB

*By: Kay Westall*

We continue to meet each Thursday morning from 9:00am to 11:00am each week. We call ourselves the leftovers till the snowbirds come back for the fall and winter season. Come down and meet us and see all the fun we have while quilting. We're going to hold another Chinese Auction in March, 2014. This will be combined with the Art Show and the Knit & Crochet Club. Watch for more information to come in the fall newsletters.

## COMPUTER CLUB

*By: Sherrill Wright*

**Recycle: Don't throw away your used ink cartridges!**

**I can take them to Office Max and get a credit for them, which are then donated back to the Computer Club. There is a collection container on the Activity room counter.**

The Computer Club is a group of friendly people who meet every Thursday, 2 - 4 PM during the fall and winter months to help each other with computer issues. If you have a problem related to computers, or a skill you think might benefit others, YOU ARE WHO WE NEED IN OUR CLUB! Please come and join the group. Membership costs \$10/household per winter season. We take a break and have coffee and cookies around 3 PM to socialize. Most members use Windows, but some use Macs or Linux and most software programs are compatible with each system. Each week, we usually have a person show something they are experienced in, or we focus on a particular problem. In many cases, the club can help fix the problem. If not, we can usually define the situation, to assist if professional help is needed.

If you have a particular interest, a new piece of equipment like an iPad or similar tablet or I-Phone that you would like to show and demonstrate, please join us. This also includes your friends and family who might be visiting. Also, if you have a particular need, or problem that you would like help with, please come along and join us, but let us know in advance so we can schedule it on that week's meeting. ## FRAUD ALERT

*By: Lou Smith*

FRAUDULENT FBI RANSOMWARE  
AFFECTING ONLINE RESIDENTS

# FRAUD ALERT

**FROM THE OFFICE OF LEE COUNTY SHERIFF  
MIKE SCOTT**

Over the last several days, the Lee County Sheriff's Office Fraud Line has seen an increase in complaints from residents who have received a pop-up on their computer claiming to be from the Federal Bureau of Investigation (FBI). The aggressively designed "alert" displays a bogus notification that states the computer has been blocked due to the viewing or distribution of child pornography, illegally distributing or using copyrighted material, or spreading malware to other computers.

The fraudulent virus immediately locks the user out of their computer, then displays a locked screen demanding the user pay a fine of several hundred dollars using prepaid money card services or wire transfers. It appears the geographic location of the user's IP address determines what payment services are offered. Finally, the message claims that once the fine is paid, the computer will be released back into the hands of the

user. This extortion technique is being used by cyber criminals to frighten victims into sending money, and to gain access to personal information since the malware can continue to operate on the compromised computer, giving the scammer the ability to commit online banking and credit card fraud.

If you have received this or something similar do not follow payment instructions. If your computer is infected with this malware, you should immediately contact a reputable computer expert for assistance. Unfortunately, repairing your computer is likely to cost you both time and money. Reports can be made to the Sheriff's Office Fraud line at 477-1242, or an online complaint can be filed at [www.ic3.gov](http://www.ic3.gov).

## HELLO NORTHEASTERN STATES CLUB

*By: Nancy Cooper*

It's not too early to be thinking about the great activities planned for next season. By now you have hopefully found the worst looking sweater ever created for the Ugly Sweater Contest in Dec., a gorgeous costume for the Academy Awards in Feb. and a team shirt for Super Ball Monday in January.

Well, here's one more thing to think about: A Cake Baking Contest! The Club is supporting a contest at the supper meeting in Jan. Great cash prizes will be given! Now this contest is not restricted to women only. All you men go through your wife's/mother's/grandmother's/neighbor's/girlfriend's recipe files and come up with the winner!

Finally, when you are traveling about this summer, eating at the finest restaurants, treating the grandchildren to ice cream or whatever you do when you are "Up North", remember to save some money for the GREAT HORSE RACING EVENT at the Spring Fling in March. More races and more cash payouts.....

## GREEN TREE STICKER

There is a little green tree sticker available in the office that goes on the back window of your car. All residents with automobiles should have this highly visible authorization to be in the Park. This will help the safety patrol on their nightly rounds. If you are a temporary resident and don't want any stickers on your window, then scotch tape it there while you are here.

### HOW TO INSTALL A SOUTHERN SECURITY SYSTEM

*By: Becky Conrad*

1. Go to Goodwill and buy a pair of size 14-16 men's work boots.
2. Place them on your front porch along with a copy of "Guns & Ammo" magazine.
3. Put four (4) giant dog dishes next to the boots and magazine
4. Lease a note on your front door that reads:

**BUBBA,**

Me and Marcel, Donnie Ray and Jimmy Earl went for more ammo and beer. Be back in an hour. Don't mess with the pit bulls. They got the mailman this morning and messed him up bad.

I don't think killer took part, but it was hard to tell from all the blood anyway. I locked all four of 'em in the house. Better wait outside. Be right back.

## PUTT PUTT COURSE

The golf Committee (Dilts, Justice, Hosey, Wash) has been hard at work preparing for the new Putt Putt Course. You will find in this newsletter the pictures of a close possibility of what holes Four, Five and Six may look like. When it is built, a square corner may be round or round to square. Those details will be determined at the time of building the framework.

In the fall you will receive the ballot to vote for its location at the first meeting we have a quorum.

**GENERAL MEMBERSHIP MTG  
SCHEDULED FOR THE FALL**

## **DELORES HOLMES IS NEW CHAIRPERSON OF THE NOMINATING COMMITTEE**

*By: Bob Lang, Secretary*

Delores Holmes has graciously offered to serve as our chairperson of the Nominating Committee replacing Bob Howe. The decision for this temporary appointment was mine & Delores'. I believe that she will leave her name in nomination for our President's appointment at the October, 2013 General Membership meeting. We hope that the current committee members will offer to continue their service. They are: LoRita Hettich, Betty Hult, Monica Small & Kay Westall. (Monica is recovering from a tough surgery & LoRita & Kay have been through their medical troubles also.) Our thoughts are with them all

This committee is primarily responsible for coordinating the nomination and General Election activities from the October General Membership meeting through the announcement of results following the January election. It is comprised of non-FPPOA Board members to eliminate any involvement or suggestion of impropriety by the Board. Additionally, we have employed their service for check-in at our meetings, determining a quorum, and the tabulation of any voting as necessary.

They do not determine whether a member is in good standing at the time of check-in. This is done by the Office 2 days prior to the meeting & the report that is given to the volunteers is the "bible" that they must follow at check-in. If you receive notice that you need to get your account in order, please do so at the earliest opportunity. Sometime, late this fall we are expecting 2 important votes prior to the General Election in January. They are the approval of the 2014 budget and the decision of location for the Putt-Putt course (if necessary). No further information is available at this time.

## NEWSLETTER ARTICLES

*By: Judy Watson*

All articles should be sent to me at [fpnews2013@gmail.com](mailto:fpnews2013@gmail.com) by the 13th of the month. Since the addition of advertising in the news letter has made it a very large file, we will no longer be able to send it out to individuals as an email. Please go to [www.forestparkonline.com](http://www.forestparkonline.com) and look at the "News" tab to view the newsletter in full color.

*By: Becky Conrad*
